

FT iPad/iPhone App User Guide

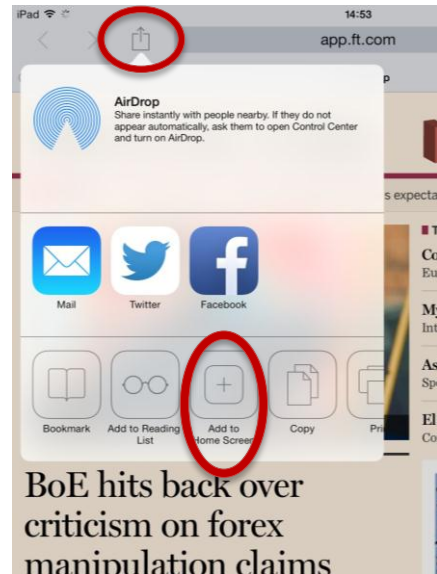

award-winning FT content on the go

What is the FT App?

The FT App is optimised for use on iPad and iPhone. It is available via your Safari browser at app.ft.com rather than from the App Store.

How to install the FT App?

- Go to app.ft.com on your Safari browser on your iPad or iPhone
- This will open the FT app in your browser
- Save the app and create an icon on your home screen by clicking on the Share icon and choosing “Add to Home screen” (see picture 1)

How to use the FT App?

- First click on “Subscribe” (1) to log in using your usual login details
- Browse the FT sections (2)
- Access MyFT (3) to find recent read articles and recommended reads, as well as your Clippings
- Switch between the Live and Morning editions (4) – the Morning Edition will download the FT as it was published in the morning to be accessible for offline reading
